

club RED

We are a dedicated group of local emerging leaders and young professionals who believe in the mission of Gilda's Club Grand Rapids, a free cancer and grief support community, and strive to become ambassadors for its mission and programs.

We exist not only to raise funds to support Gilda's Club but also to inspire the next generation of leaders who share a common vision of giving back while desiring a launching pad for further community leadership.

Through our activities and events we strive to positively impact families on a cancer or grief journey throughout our community.
